

Where teams align and **LEARNERS SHINE!**

n2y was founded on the belief that everyone can learn, and it's our mission to improve the lives of our students and those who serve them. That's why, when we set out to build the ideal compliance solution, we kept the focus on the positive...on empowering teams...and on always ensuring students are at the heart of our vision. Let Polaris lead the way to brighter futures!

HELP EVERY STUDENT find the path to their north star!

DRIVE POSITIVE OUTCOMES WITH PERSONALIZED ROADMAPS

Integration of accurate, up-to-date student performance data is always at the heart of Polaris to inform all decisions in the compliance process. Keep the focus on the whole student and drive high learning expectations.

SYNCHRONIZE THE ENTIRE STAKEHOLDER TEAM FOR SEAMLESS COLLABORATION

Teamwork is key to successful student roadmaps. Polaris creates a culture of trust and collaboration with built-in workflows and end-to-end automation, saving educators weeks of valuable time *per individual student* on roadmap development and execution.

ENSURE EFFICACY AND COMPLIANCE ON EVERY LEVEL

Equipping stakeholders with a robust, guided system for reliable data collection and customizable reporting, Polaris ensures fidelity at every stage by documenting that all tasks have been completed, all assessments administered, and all recommendations implemented.
